CLASSIC AUTO SUPPLY CO., INC.

CASCO HISTORY - A FAMILY TRADITION

It didn't start out to be a business. We didn't buy a building, slap a sign on it and announce to the world "Here we are - buy your T-Bird parts from us" nor did we even start out as a planned business venture. Bill Brown was an engineer and product manager for GE. However, he was also a "car nut" and enjoyed working on cars. At the suggestion of his wife Sue, Bill purchased a '57 T-Bird that needed a lot of work. This was in 1968. As the restoration process progressed, Bill found that there were many parts that he needed that weren't available for his own car, and as a service to other T-Birders he found sources and had these parts reproduced. At that time, there were few T-Bird parts vendors and Bill only reproduced parts that were not available elsewhere.

The parts inventory grew and began to consume every available nook in Bill & Sue's house. The glass production took over the garage, Sue's oven was being used to bake grommets, and a makeshift order processing center was set up among the parts in the basement. It soon became clear that either the T-Bird parts would have to go or Bill and Sue were going to have to move. So in 1975, after quitting his position at GE, Bill purchased the buildings of an abandoned lumber company and CASCO moved to its present location. As the business grew, more and more parts were manufactured by CASCO's growing force of craftsmen. CASCO manufacturing now covers over 3000 square feet and includes manual and CNC milling, turning, cutting, bending, punching, and welding machines.

In 1979, after having a bad experience with a restoration facility on Bill's '66 Bird, Bill & Sue decided to open their own restoration business. This turned out to be a double benefit because the restoration work became an in - house application lab for testing and improving the parts being developed for sale.

Today, CASCO is managed by Bill and Sue's son Jim and his wife Betsy. The family tradition of integrity and service continues. Over 3500 items are listed in this catalog and our 13 employees are ready to serve your Classic T-Bird needs.

TOOLS

Many of our tools were developed by the technicians in our restoration facility. If you have an idea for a special tool that would help the hobby let us know.

BEZEL NUT TOOL - Here's a handy tool specially designed for removing the retainer nuts for the ignition, lights, wiper and heater controls. TL1 6.80

DOOR AND WINDOW HANDLE REMOVAL TOOL - The tool that really works to remove C clips that hold the door and window handles on. Unlike the similar tool that is available everywhere this tool has been modified by us to work on T-Bird doors. TL2 7.25

ANTENNA NUT WRENCH - Easily remove the special nut on the antenna base. Non - marring plastic body slides over antenna and securely engages nut. TL3 6.95

CHOKE TUBE PUNCH - Don't risk dinging up your intake manifold. This punch is machined to just fit and safely remove the choke heat tube (part number 9890) TL4 14.00

PULLER TEMPERATURE SENDER ADAPTERS - Simply screw puller into the adapter, tighten nut on top of puller and the adapter will be removed with ease. TL5 for 55/56 15.75
As above but smaller for 57 adapter. TL6 for 57 15.75

PULLER HARMONIC BALANCER - Redesigned to ensure long life and easy use, this tool utilizes fine thread alloy steel. Swivel pad helps distribute force and protect crank threads. TL7 43.95

FRONT HUB GREASE CAP TOOL - Machined for a slip fit over part number 1131 evenly distributes installation forces eliminating dented caps. TL8 15.00

EMERGENCY HOOD RELEASE - This tool (not shown) is needed if clamp (16877) comes loose or release cable breaks. Insert from under the car and hook onto the hood release bracket. TL9 8.95

INSTALL TOOL HARMONIC BALANCER - Leave your hammer in the tool box! This tool utilizes alloy steel fine threaded rod and screws into the crank. Thrust bearing rated at over 2 tons makes installing harmonic balancer assembly a breeze. TL10 41.79

WIPER NUT SOCKET - With eight sides, the wiper nut can be difficult with standard tools. This simple octagon socket makes working with the wiper nut simple. TL11 9.95

STEERING WHEEL PULLER - Safely and easily remove steering wheel without removing the horn wire. Specifically designed for Little Bird. Heavy duty. Removes stubborn wheels. TL12 31.84

CARBURETOR CONTROL VALVE SOCKET - Use this simple 8 - sided socket to easily remove carb control valve TL13 12.95

MASTER CYLINDER CAP WRENCH - Safely loosen brake cylinder fill cap without marring the finish TL14 5.99

STEERING COLUMN COLLAR WRENCH - Loosen telescoping column collar without marring chrome finish. For 55-57. Use supplied adapter for '55 style TL15 42.95

DISTRIBUTOR BUSHING REMOVAL TOOL - Removes 12120A. Does not include 1/2 - 20 tap. TL16 29.85

WRENCH FOR OUTSIDE MIRROR. Tighten up your outside mirror without marring the chrome finish. TL17 9.99

CREDIT & DEBIT CARD ORDERS

When an order is initially placed, we perform a pre - authorization on your credit card for an amount sufficient to cover any potential charges associated with your order. This pre - authorization allocates a portion of your line of credit towards the purchase from us. Due to the restrictions of credit card processing, the pre - authorization amount is normally slightly higher than the exact order amount that is finally charged to the credit card. The exact amount is charged to the credit or debit card at the time the order is shipped from our facility. If we do not use the pre - authorization for some reason, (order cancelled, item sold out, etc.) the pre - authorized amount will be restored to your credit card's line of credit in the amount of time determined by the issuing bank. The card issuing bank may hold the original pre - authorization amount for some period of time even after we have already charged the card. Please contact your bank to find out what their policy is with regard to releasing your funds on a pre - authorization. Only your bank can decide when to release that amount back to your account.

BACKORDERS

If you order an item which we expect to be able to ship within 30 days and that item is not immediately available, we will backorder the item. Please note or advise if you *do not* wish to have items backordered. Backordered items will be sold at the price in effect at the time of shipment. Shipping charges will be added to each shipment, including any backorders, as shown below (12% of backorder subtotal - \$10.00 min. and \$35.00 max.).

QUANTITY DISCOUNT

A quantity discount will be offered on any shipment of new parts and upholstery to one location which meet the following two criteria: the *merchandise total is over \$1000 and payment is made in advance in cash or by bankcard.* Orders paid by **bankcard** (Visa, Mastercard or Discover) or **personal check**, will be extended a 7% discount off the merchandise. Orders paid in advance by **cash** or **cashiers check** will be extended a 10% discount. Discount does not apply to special order items, used parts, disc brake kits, or restoration shop billing. No additional shipping charges for backordered items on quantity discounted orders.

SHIPPING CHARGES

NORMAL SURFACE shipping charges within the continental United States will be calculated as follows: 12% of subtotal with a \$10 minimum and a \$35 maximum for each shipment. Ohio sales: 10% subtotal with \$7 min. and \$25 max.
